

## **Class Reporting**

The Kentucky Cancer Program has developed a variety of reporting options that best suit the needs of each facilitator. A paper copy of the class reporting form is available for you to fill out and send back to your designated location or you can simply fill out an electronic version online.

All facilitators are asked to complete the paper copy form by either faxing it to your respective Kentucky Cancer Program (KCP) office or filling it out electronically upon completion of each 12 week series of classes. KCP will aggregate the statewide data and produce periodic reports as part of our ongoing evaluation. The link for filling out and submitting the form electronically is:

<https://redcap.uky.edu/redcap/surveys/?s=orhPdj>

**If you have any questions, contact your local Cancer Control Specialist.**
